

Jandy®

**CONSISTENT,
DEPENDABLE
SANITIZATION.**

JANDY® EROSION FEEDER PROVIDES CONSISTENT SANITIZATION THAT KEEPS YOUR POOL WATER CLEAN AND CLEAR

Get safe, controlled chlorine delivery that's even throughout your pool with the Jandy Erosion Feeder. Plumbed into the circulation system, it's designed to automatically dissolve chemical tablets at the pool pad so water is treated as it passes through the feeder before flowing back out to your pool for more consistent sanitization.

SAFE CHEMICAL TAB SANITIZATION

Keep chemicals as they dissolve away from people and pool materials for safer sanitization

NO HOT SPOTS

Avoid concentrated areas of high chemicals with more even distribution throughout the pool

CONTROL AS YOU GO

Flow control dial allows for easy regulation of chlorine dissolve rate

LONG-LASTING AND RELIABLE

Built using durable materials designed to last

EFFICIENT OPERATION

Works off the power of your pump requiring no additional electricity

TWO INSTALLATION OPTIONS

Available in both in-line and off-line models for installation flexibility to accommodate any in-ground pool setup

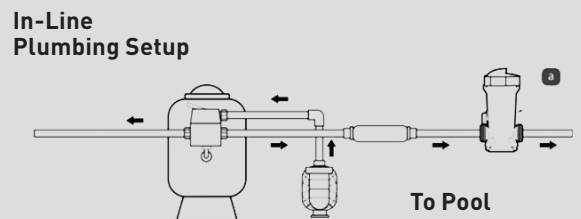

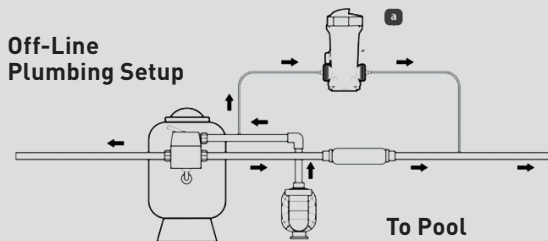

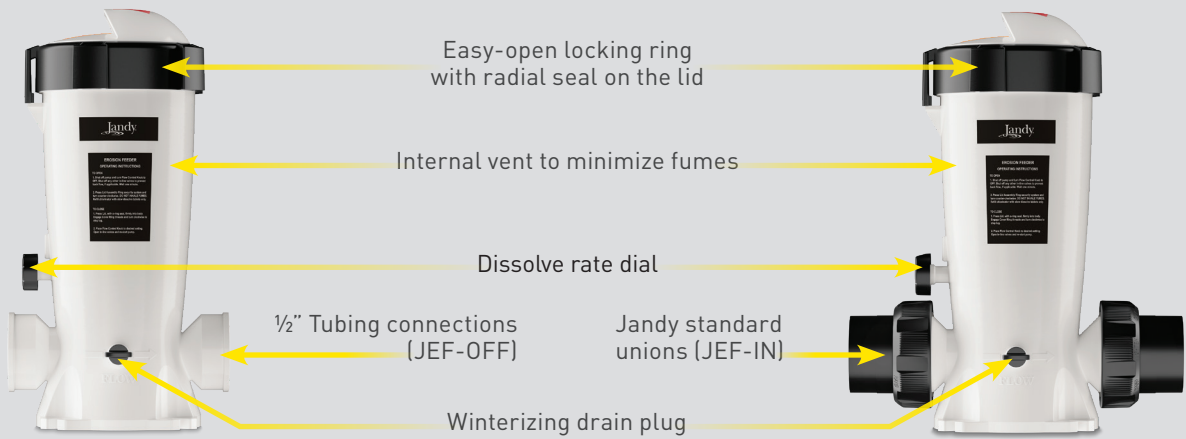

CHLORINE CAPACITY

Holds up to 6 pounds of chlorine tablets (approx. 13 tablets)

EROSION FEEDER FEATURES

Off-Line Model
JEF-OFF

In-Line Model
JEF-IN
