

TRADE SERIES  
**EXCLUSIVE**

**Polaris AutoClear TF**

**Polaris® AutoClear® TF Tab Feeder for Above-Ground Pools**

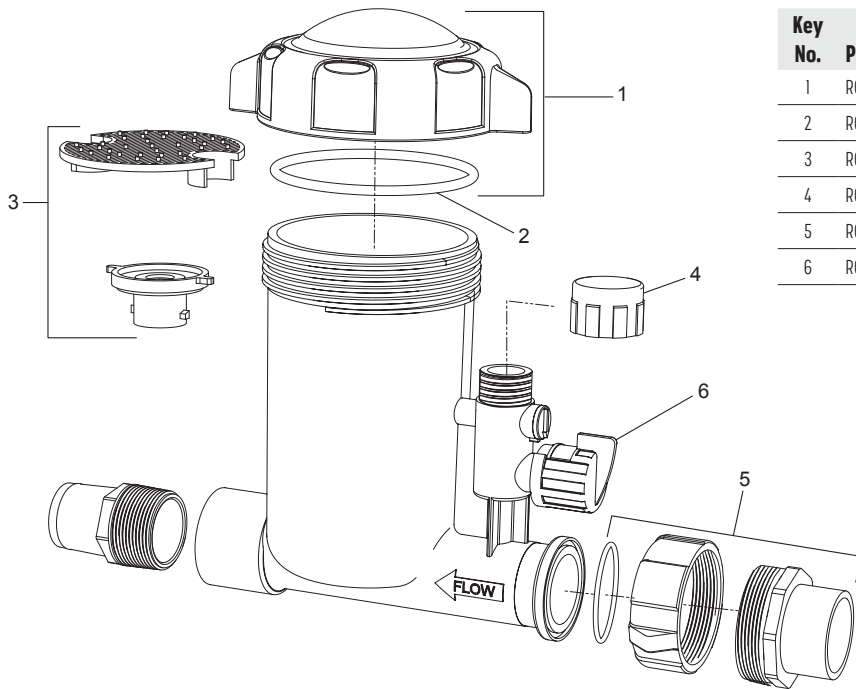

The Polaris AutoClear TF Tab Feeder for above-ground pools keeps your pool water clean to swim in and takes the hassle out of maintenance by slowly and automatically dissolving chlorine or bromine tablets into your pool water. Designed with quick-connect fittings, AutoClear TF is easy to install and features a transparent lid so you can tell at-a-glance when it's time to refill.

- Automatic sanitization steadily and slowly dissolves chlorine or bromine tablets into water as it flows back into your pool
- Adjustable control allows you to regulate how much chlorine or bromine dissolves into pool water
- A transparent lid lets you clearly see when it's time to replenish tabs
- AutoClear TF comes ready to install with a quick-connect fitting and hose adapter
